

The Miner.

Local Intelligence.

Prescott, October 16, 1893.

From Bro. Huc.—Messrs. Gray, Jones and Wunderlich got back to town on the evening of the 14th inst., from the Big Bag Mining District, 16 miles east from Prescott, with the best kind of mining news. It is that Mr. Heslep had, previous to their departure from the mill, run through and cleaned up five tons of refuse ore from the Independence mine, which yielded twenty-two dollars and fifty cents per ton in free gold. Of course this pleased every person in the district, and will, we presume, please all friends of the Territory in and out of it. Taking the yield per ton, of the first-class ore from the mine, which was worked in an astra short time ago, by T. W. Boggs, and adding it to the result obtained by Mr. Heslep, out of the small pile of ore left by Mr. Boggs, and we have an average yield of thirty-six dollars per ton in free gold! enough, we should say, to pay handsomely for working it. For this result the Territory is mainly indebted to Mr. Heslep, who is, without doubt, one of the best practical miners and mill men on the coast. The company are now taking ore from two lodes, and have about seventy-five tons out, which, they feel very confident, will pay from \$20 to \$30 per ton in free gold. Some twenty men are at work at the mill and in the mines, and more will soon be engaged. New roads have been laid out, lumber to build houses for the workmen at the lode—has been ordered, and it looks to us as though the company meant business. Mr. Heslep has made many good improvements on the mill, and economy is the watchword of the company. Therefore, we predict that the enterprise will be a success, and that the old pioneer mill will be made "hump itself" from now on. We thank God for at last sending us a mill man that knows how to save free gold!

GRAND AND TRIAL JURORS.—Ed. W. Wells, Clerk of the District Court, has furnished us with the following list of persons nominated as jurors for the October term of the district court:

Grand Jurors.—Michael McWilliams, B. A. Hume, Charles Washburn, T. W. Boggs, A. Henderson, Louis Wortman, David Justice, Robert Wining, Theodore Kruse, R. P. D. Brooks, C. L. Ferguson, T. W. Simmons, A. French, J. W. Johnson, B. H. Weaver, Jno. Vickers, Thomas Whitehead, Sam'l. Cullender, Henry Glover, F. C. Cox, T. D. Saunders, John G. Dudley.

Grand Jurors.—Jno. Reese, J. W. Casenbary, J. W. Henry, J. S. Thomas, Jno. Masterson, Charles Babbitt, L. S. Jenks, Gideon Brooks, C. C. Mount, T. H. Read, Robert Postle, Joseph Crane, E. G. Taylor, C. Davis, F. A. Hanson, E. H. Wunderlich, J. E. G. Mitchell, Wm. Gilson, Henry Clifton, Willard Rice, Henry W. Nichols, C. W. Stanley, E. W. Shepard, O. Allen.

Wm. M. Buffum left for his home in Los Angeles, California, on last Saturday's stage. He intends visiting Chicago and New York soon, and will, no doubt, open the eyes of business men in the two great centers regarding the great wealth of the country adjacent to the 35th parallel railroad route, in this Territory.

WEDNESDAY last, about twenty Indians paid a visit to Dan. Hatz's old ranch on the lower Agua Fria, and stole a quantity of corn. They were followed by Messrs. Lew Elliot, Dawson, Bryant, Justice and Scott, who surprised them about 20 miles below the ranch at a rancharia, killed 3 noble red men and found a large quantity of stolen corn. They also found four little Indians but did not injure them.

The above was in type last week, but we being sick, and the foreman hurried, it failed to get into the form. However, it is never too late to do good, or record a good act. We wish to say, in addition to the above, that all three of the Indians were killed by Mr. Townsend, he being the first man to discover and attack the rancharia.

A. O. NOYES, of this place, returned to town early this week, from Bowers' Agua Fria ranch, where he has been, for some time past, engaged in fitting up a flouring mill for Bowers & Bro. Mr. Noyes, we learn, made a good job on the water-wheel, etc. The mill is now running—making corn meal. It will soon be started on wheat, and it is confidently expected that a good article of flour will be turned out.

FINED.—Tuesday last, Justice S. E. Blair fined Joxiger \$15 for indulging in the luxury of an all and battery upon the person of N. Posmat, at a point near the Toll-gate, while the latter were on the road here from White Pl. Mr. Posmat's appearance well pleased the result of the trial, but thought the fine should have been a little heavier.

SCARCELY night passes that we do not hear shooting, one direction. Sometimes citizens get drunk fire their pistols off; then soldiers get boozed do the same thing. We really hope men come to see the folly of carrying on in this. It is ridiculous as well as dangerous. Course, in a country like this, men are bound armed, when traveling or working in the country, but we have never yet seen the need for packing six-shooters and bowie-knives in caseable town like this.

WEDNESDAY last was a tolerable lively day, for fighting quarreling, in the vicinity of the Mink off. A green, slim specimen of Caldonia African, and another man—don't know of what nation—were heated by whisky and lager, & of course on the fight. In the morning, the six-shooter on the Caldonia did not shoot, as the fellow did as the Mink wished him to do—drink with him. In the evening, the same long-legged white fellow came around again, went to quarreling with another man, and got roughly handled. These fights ought to be arrested and fined where they lay themselves liable.

ROD TIME AND HARD FIGHT WITH INDIANS.—Reed, near Antelope Springs, on the Prescott-Albuquerque road, a man named Richard Jones, while on his way to New Mexico, was attacked by five Indians, who were armed with bows and arrows, and although he received three wounds in the right hand, he came off victorious. Jenkins left Campbell's ranch, in China valley, about the first inst., and proceeded quietly his way East until he was attacked. He fought the Indians and succeeded in driving them off. He then turned back, but had not traveled over twenty miles, when his horse, which had been shot in the neck, gave out, and he was forced to take it on foot. He missed the water places, and had a rough time of it generally, having to travel in the night over the worst part of the road. He is quite certain that he killed two of the Indians, and he hopes he did. He was a brave fight, and won a splendid victory.

INDY RATS UPON LOWER LYNX CREEK.—Sunday is a party of red scamps swooped down upon band of nine horses, which were grazing near old Mexican camp, on Lower Lynx Creek, and drove them off. The owners of the horses, who were camped close by, saw the Indians their audacious act, followed them, and succeeded in recapturing six out of the nine horses. Five of the Indians were armed with guns. The savages returned again Wednesday last, led a Frenchman, who was out on herd, and took four animals. The name of the murdered man was Julius Pelet. He recently came here from White Pine. So we go, from bit to worse, and still Government leaves us without almost any protection! Would it act as meat by negroes? Guess not.

SINCE last, private Whitcomb, of Company B, 8th Cavalry, has died of wounds received in battle with Indians. Deceased was wounded before the savages, at the time they attacked and captured Starkey's team, and, at the time of his death, was expecting to be discharged from army. The other wounded soldier is recovering.

A GUY, a citizen who has been in the employ of Government at Fort Whipple, for a long time past, died in the hospital at that place, Sunday morning last.

BROOK & LINS, of the Plaza Livery stable, have just completed a dwelling house, adjoining their stable.

A PR-TRAIN of ninety animals arrived here from the Colorado river, Saturday last, with freight for the post, and a lot of powder for the Steril Mining Company.

A GREAT many teams are at present engaged in hauling hay from Williamson valley to Camp Talle.

CAR Wm. S. LITTLE sold, a day or two ago, a large span of mules, for \$350.00, currency.

JUDITH H. BROOKS raised, in his garden above town, this year, from one citron or pie-melon seed, melons weighing 430 lbs., the largest one of which weighed 46 lbs. Pretty good for a region of country over 6,000 feet above sea level.

DANIEL HATZ, of the Oriental Bakery, next door to the MINER office, makes excellent bread, cakes and pies, and never forgets to furnish our pass-pang with something good to eat on press-nights.

DR. JONES' large freight train arrived from the Colorado river, Thursday last, with supplies for government.

Byway of excuse for various shortcomings in this and last issues, we wish to make known to our patrons that we have met old Sickness, struggled with him and begged off for awhile. Lazy Johnson, of the California Column, said he was borned. All our "friends"—except Reeve & Chambers, of the Prescott Hotel—say we were borned. Perhaps they are right.

SOCIAL PARTY.—Chief Justice Turner and lady gave a social party at their residence, Wednesday evening last. Many ladies and gentlemen were present and enjoyed the hospitality of the Judge and his amiable wife.

MR. BRANAMAN, of Lower Agua Fria, has moved his family to Prescott.

DANCE.—The Elysian Club, of this place, indulged in their regular monthly dance on the evening of the 14th. We took a peep into their hall and beheld quite an array of womanly loveliness and manly vigor. Supper was served at the Prescott House.

NOTHING has been heard from the scout that was sent out last week to hunt up the savages that attacked Arnold and party, on the road from this place to the Verde. If they do not get too far off from this vicinity, they may bring in some scalps, for the country immediately east of Prescott is said to be full of Indians.

GENERAL WHEATON has gone to Camp McPherson. He may extend his cruise to Wickenburg, and perhaps McDowell. We are certain that good will result to the general public from his trip, as he will see the wants of the ranchmen, miners, etc., in that section of the country, and do all he can to protect them. We believe the General was accompanied by Col. Price and Major Perkins.

THE subject of the removal of Fort Whipple is again being debated by our citizens. We know nothing about the matter, but think the military are not such asses as some people take them to be. Fort Whipple is in the right place, and it will remain there until its mission is accomplished, which will not be until the Indians are nearly all dead.

THE many friends of Dr. Middleton, U. S. A., will be glad to know that he has returned to Fort Whipple, and that his health, which was quite feeble when he left here several months ago, is as good as ever. He is a physician of great skill and experience.

Dr. J. T. Alsop, who has been living at Phoenix for several months past, got to town Tuesday last, in fine health and spirits. The Dr. is one of the originals of this place, and was cordially greeted by his brother pioneers.

ARIZONA BREWERY AND SALOON.—This establishment, on the north side of the plaza, next door to the Postoffice, is now being run in good style by Jackson & Co. Thirsty mortals will there find delicious drinks, and a comfortable place to pass awhile.

ARRIVALS FROM CALIFORNIA.—Dr. W. W. Jones with Mrs. Reeve, wife of R. Reeve, of the Prescott Hotel, arrived here from San Bernardino Tuesday last, in the Dr.'s buggy, Geo. W. Bowers, of this place, who has been to San Francisco on a visit, came in on the stage. Col. E. D. Baker, the able, efficient, kind, jovial and good-looking Chief Quartermaster of the Sub-District of Upper Arizona, with Dr. Middleton, U. S. A., arrived on the same day.

NIGS.—A party of 8 or 10 American citizens of African descent arrived here a day or two ago, and are scouting around for "big tidings."

FOUR or five mounted Finns, led by a white man, passed through town on their way to the fort, yesterday afternoon.

DISTRICT COURT.—Judge Turner will commence business in this court Monday morning next. Judging by the calendar, which appears elsewhere, there is considerable work before his Honor.

SEVEN wagons, loaded with wheat and barley, arrived from the lower Agua Fria, yesterday morning, and unloaded at the warehouses. Strangers, who examined the grain, praised it highly.

FROM WALNUT GROVE.—T. W. Brooks, "Gus" Swain, E. A. Copeland, V. W. Brooks and others, arrived from Walnut Grove, Thursday last. T. W. Brooks brought up with him three wagonloads of wheat and barley. Indians were plenty around the settlement when the party left. They had stolen more corn from Mr. Swain. Wm. Carlisle and C. Washburne had disposed of their ranches, and were talking of visiting the States. Five men at work in the canyon, had struck very rich pay dirt, from which they washed out, in about half a day, two ounces of dust. Charley Genung was working the Sater lode, and packing about one ton of the ore, per day, to his astrata, on the Hasayampa. Lambertson's mill was making good flour, from wheat raised in the valley.

THE Los Angeles News, of the 28th ult., says Major A. W. Preston, of General Ord's staff, is coming out here to inspect the various military posts in the Territory. Wish General Ord would come out also, and take a survey of the field of blood.

QUERY.—Does the Arizona MINER receive the Lake Superior MINER as irregularly as the Lake Superior MINER receives the Arizona MINER? We receive about one copy in six of our worthy and wide-awake namesake. What's the matter, brother Marion?—Lake Superior (Mich.) MINER.

Just about. Your superior paper does not visit this office more than once a month, brother Lister, and the matter must be that some of our Postmasterial admirers along the route have acquired a taste for reading both MINERS. If so, we admire their taste, but condemn their honesty.

JOS. O. LENNON, formerly of this place, was to have left San Francisco, Sept. 27, via the railroad, for the Atlantic States. He says, in a letter to us, that he will be back here next spring.

NEW YORK CITY was greatly excited, recently, when gold went up to 165, and our "honest" pious National Treasurer from Massachusetts failed to relieve the market until the Treasury, among men of all parties was very great.
